CURRICULUM VITAE

NAME: Joseph W. Reynolds Age: 35

ADDRESS: Residence--375 East Brahma Drive
Murray, Utah 84107
Office -- 3920 South 1100 East
Salt Lake City, Utah 84117

Doctor Reynolds was born in Visalia, California, on April 11, 1939. He was educated in Visalia city schools having graduated from Redwood High School in 1957.

Doctor Reynolds continued his education at Santa Rosa Junior College where he graduated with an Associate in Arts degree in 1959. He continued his studies at San Francisco State University for two years before taking a three year leave of absence to serve a mission for the L.D.S. Church in France and Belgium.

Doctor Reynolds returned from Europe to marry the former Patricia Ann Johnson of Twin Falls, Idaho, and assume his studies in biology at S.F.S.U. He graduated with a B.A. degree in biology in 1965.

He was accepted as a student, class of 1969, at the California College of Podiatric Medicine. Further studies while a student earned him a Bachelor of Science degree in podiatric medicine after the first year. He graduated from C.C.P.M. in 1969 with a Doctor of Podiatric Medicine degree.

Doctor Reynolds began practice in Porterville, California, and served on the staff of Sierra View District Hospital in Porterville and Visalia Community Hospital in Visalia, California. Additional training was obtained under Roger Johnson, D.P.M. on the podiatry service of both hospitals.

After four years in practice in California Doctor Reynolds moved to Salt Lake City in 1973 to begin practice with Max E. Jones, D.P.M. After the first year a third associate, Doctor Blaine Grose was added to the group practice at 39th South.

Doctor Reynolds is a member of the Utah Podiatry Association, the American Podiatry Association, the Public Health League, and the American Public Health Association, and is an Associate of the American College of Foot Surgeons.

Doctor Reynolds authored an article accepted for publication by the Journal of Foot Surgery entitled "Retrocalcaneal Neuroma, a case report" and has another study entitled "Plantar Fibromatosis" scheduled to appear in the February issue of the Journal of the American Podiatry Association. He presently serves as chairman of the public relations
